

TREVIA

TREVIA

A comfortable design-driven and fully motorized chaise, lounge.
Trevia's design is minimalist and contemporary with clean lines and a solid build.
Being wide and deep, TREVIA offers more than ample space for casual lounging.

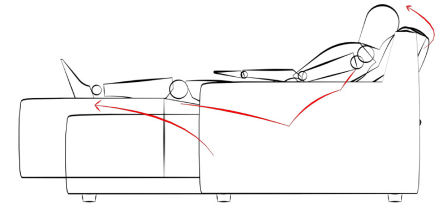

FEATURES

Unique triple motorized mechanism:

TREVIA is a unique chaise solution as it features an exclusive and remarkable mechanism that allows for full adjustability, providing maximum comfort.

At the push of a button chaise slides forward and follows the contours of the person seated, which results in a lateral and ergonomic lounging position.

Moreover, the backrest can be moved up and down to the users' preferred height, and the headrest adjusts as well, so one can have proper head support when fully or partially inclined.

LED backlit keypads
control the motorized mechanism
with programmable features
(light intensity, timer, etc.),

MORE THAN CASUAL LOUNGING !

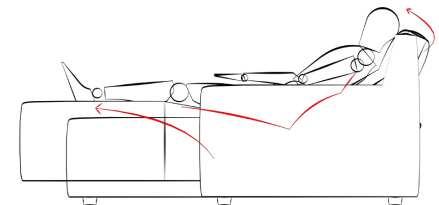

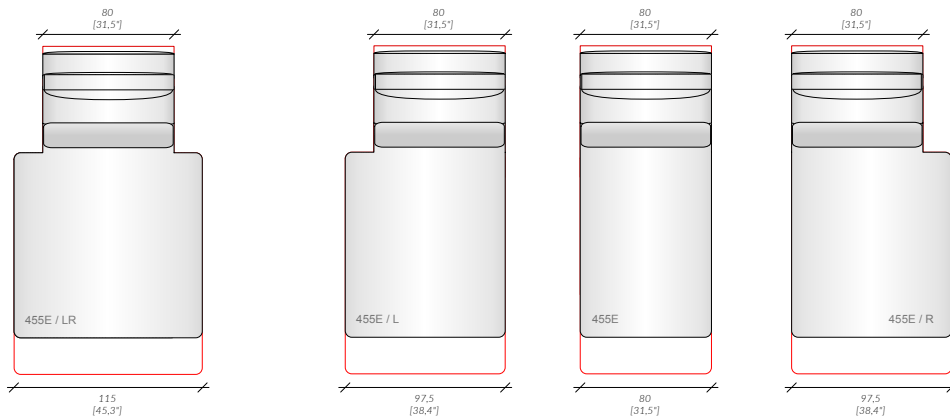

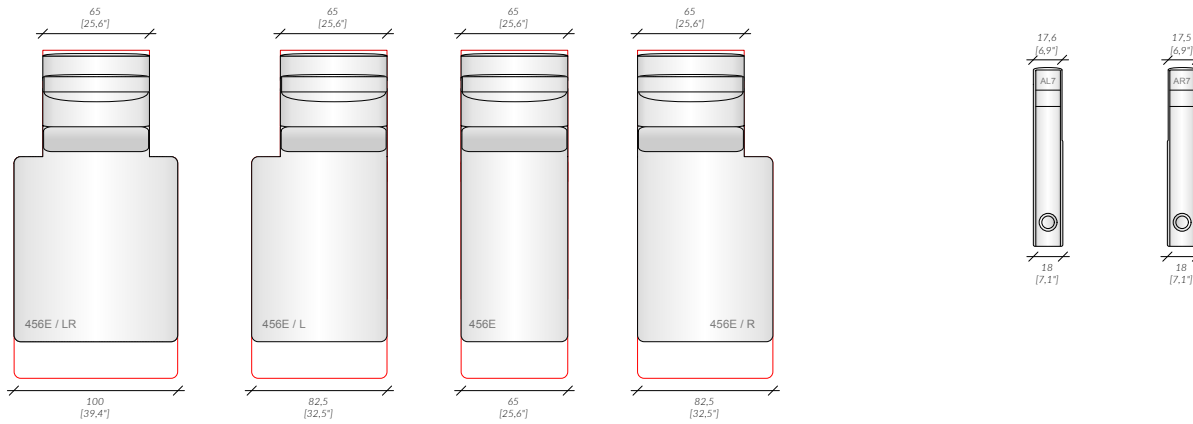

Cineak's lounge beds embody the perfect fusion of comfort and style, allowing home owners to create a truly unique and visually appealing entertainment space.

Cineak's commitment to quality craftsmanship and attention to detail is evident in the selection of premium materials ensuring not only visual appeal but also durability and longevity. This ensures that Cineak's design sofas not only provide immediate comfort but also stand the test of time, making them a worthwhile investment for homeowners looking to create a cozy entertainment haven.

TREVIA comes as a stand-alone solution, or can be configured as a love seat or row of multiple chaises.
