

## **FEATURES**

- Main conductor: 24k gold-plated or rhodium-plated α (Alpha) Pure copper conductor
- Insulation Body: Liquid Crystal Polymer Resin
- Central Color Insulation and Color ring: Nylon resin (red/white)
- Chassis nut: Plated Lead Free Copper alloy
- Connections: Soldered

## **SPECIFICATIONS**

- Specified for core diameters up to 4.5mm
- Dimensions: 16.0φx 40.0 mm (L) overall length approx.
