

Stage 240H

2-Way 4.5-inch (114MM) Dolby Atmos® Surround Sound Loudspeaker

JBL

Product Overview

Designed and engineered in our world-famous Acoustic Engineering Center of Excellence in Northridge, California, Stage 240H is a compact multi-purpose loudspeaker suitable for surround or elevation channel use. With the flip of a switch, it is a Dolby Atmos enabled add-on, or a wall mounted elevation or surround loudspeaker. The 240H features a 2-way design with Next Generation patented High-Definition Imaging (HDI™) waveguide geometry, 1-inch (25mm) Anodized Aluminum dome tweeter, and a 4.5-inch (114mm) Polycellulose cone woofer that provides deep, signature JBL bass.

Available in Espresso or Latte woodgrain finish with solid color front baffles and matching grilles.

Highlights

- 4.5-inch (114mm) Polycellulose Ribbed Cone Woofer
