

Stage 260F

2.5-Way Dual 6.5-inch (165mm) Floorstanding Loudspeaker

JBL

Product Overview

Designed and engineered in our world-famous Acoustic Engineering Center of Excellence in Northridge, California, Stage 260F is the midsize floorstanding loudspeaker of the new JBL Stage Series. This floorstanding loudspeaker features a 2.5-way design with Next Generation patented High-Definition Imaging (HDI™) waveguide geometry, 1-inch (25mm) Anodized Aluminum dome tweeter, and dual 6.5-inch (165mm) Polycellulose cone woofers that provide deep, signature JBL bass.

Available in Espresso or Latte woodgrain finish with solid color front baffles and matching grilles.
