LX-NZ30

4K DLP Projector
– Home Theatre / Gaming –

Available as of April 2023

JVC is proud to introduce the **LX-NZ30** – a **NEW** high-performance 4K UHD/HDR home theatre projector with laser light source technology BLU-Escent.

Equipped with the latest new high-power BLU-Escent technology, the light source realises a brightness of 3,300 lumens and is rated for 20,000 hours of operation. Both HDR10 and HLG formats are supported with automatic picture mode selection. The low latency in combination with the 1080 p/240 Hz input takes gaming on this projector to another level.
